INITIAL and FINAL ENTRIES

(Entries now through Sunday, July 7th, 3 pm))

You have until Sunday, July 7th at 3:00 pm to make any desired changes to your entries. You may make ANY changes you wish to your original draft entries submittal.

1. July 5, 2024 5pm (FRI) - DRAFT SUBMISSION: Draft Meet Entries and Rosters (filenames should look like xxxx-Entries-2024 RCSL City Meet-13Jul2024-xxx.ZIP & xxxx-Rosterxxx.ZIP) are due via email to the Meet Scoring Manager (records@swimrcsl.org, Greg Wright) by 5pm Friday, July 5th. These entries are be used for **tent allocation and warm up scheduling**. They also identify any early issues with entries so you can correct prior to your final submission. Generate a PDF copy of your Meet Entry Fees report and email that as well. In Team Manager, under Reports, Meet Reports, Meet Entry Fees Report, and Select City Meet (should be a .pdf file). In addition, please send a **Team Manager Backup File**. In Team Manager, under File, Backup, select a directory and hit Yes. (filename should look like SwTM8Bkupxxxx.zip). You will receive an email back from Greg Wright with your entries in Meet Program form and your adjusted Fee Report. An electronic invoice for payment will be email to address provided in your submittal

To Summarize, on JULY 5th by 5pm delivery by electronic means,

NON-EMERGENCY LATE ENTRIES
(Entries occurring any time after July 7th, 3 pm)

We understand there are always situations where a swimmer is inadvertently omitted from being entered or one that had originally planned on not swimming and suddenly wants to swim. We will accommodate any and all Non-emergency late entries under the following conditions:

1. The event the swimmer is being entered in currently does not have three swimmers from your team entered in it. No switching of one swimmer for another in any event.
2. There must be an available lane for the swimmer to swim. There will be no re-seeding and no new heats will be added.

EMERGENCY SUBSTITUTIONS

We understand situations will arise when a swimmer becomes ill or some other accident prevents a swimmer from competing. Emergency substitutions will be evaluated and accommodated by the VP_Records as they arise under the following conditions.

1. Reasonable proof must be presented that the swimmer being removed has a true emergency.
2. The swimmer is then removed from the entire meet.
3. The swimmer who is replacing the one being removed must already be entered in the meet and is not already swimming three events. What this means is that we will not allow a "cascade" of substitutions to fill events vacated by swimmers. What this generally means is that if the removed swimmer is entered in three events it will more than likely take three swimmers to fill his/her events.
4. The new swimmer will swim in the same heat and lane as the removed swimmer for each event.
